

SAMPLE LETTER OF MEDICAL NECESSITY

Some payers may require that the prescriber documents a patient's medical necessity for treatment to get insurance coverage for a pharmaceutical product. The following letter is only intended as a **SAMPLE** Letter of Medical Necessity that outlines the information a payer may request. Health plan requirements may vary, so the prescriber should refer to the prior authorization or coverage information specific to their patient's health plan before completing a Letter of Medical Necessity. Use of this letter does not guarantee coverage for the product.

The prescriber should refer to the Important Safety Information in the full Prescribing Information when determining whether the product is medically appropriate for a patient. The prescriber is responsible for the content of this Letter and should customize all bracketed information in blue with the appropriate payer, office, and patient information.
